

2022 Clinical Symposium

April 28-30, 2022

InterContinental Hotel

New Orleans, LA

Presenter: Ken Davis, DC

Title: **PIEZOEFFECT TECHNIQUES**

Date/Time: Friday April 29th, 4pm – 6pm

Summary:

PIEZOEFFECT TECHNIQUES

PIEZOELECTRICITY WAS DISCOVERED BY THE FRENCH PHYSICISTS MARIE AND PIERE CURIE, AND THEY RECEIVED THE NOBLE PRIZE FOR THEIR WORK. THEY DISCOVERED THAT BY BRUSHING AND TAPPING A QUARTZ CRYSTAL, THEY CREATED A PIEZOELECTRIC EFFECT. THEY FOUND THAT THE CHARGE CREATED FROM THE CRYSTAL, COULD LIGHT, A LIGHT BULB.

PIEZOELECTRICITY EXISTS IN THE HUMAN BODY WHEN STRESS OR MECHANICAL EXCITATION IS APPLIED DIRECTLY TO BONES, IT ALSO EXISTS IN COLLAGEN, CARTILAGE, TENDONS, TEETH, THE TRACHEA, INTESTINES, MUSCLE FIBERS AND BLOOD VESSELS.

MY TEACHER, AND MENTOR, DR. M.L. REES OF SEDAN, KANSAS, D.C., CERTIFIED CRANIOPATH, SOT INSTRUCTOR, DABCO, AUTHOR OF THE ART AND PRACTICE OF CHIROPRACTIC, FOUNDER AND DEVELOPER OF ETHERIC MODIFICATION THERAPY: HARMONICS, AND NUMEROUS OTHER WRITINGS, UTILIZED PIEZOELECTRICITY OF CRYSTALS AND GEMSTONES IN THE PAST TO STIMULATE AND AMPLIFY A CHARGE AND BY ENHANCING A PARTICULAR VIBRATION. OVER THE LAST 40 YEARS, I HAVE COME TO UNDERSTAND MORE ABOUT THE ROLE PIEZOELECTRICITY PLAYS IN THE BODY'S HEALTH AND VITALITY.

IN MY RESEARCH DURING JUNE OF 2019, I DISCOVERED TWO VERY INTERESTING THINGS THAT HAVE MANY IMPLICATIONS ENABLING THE BODY TO RESONATE AT A HIGHER FREQUENCY THAT CAN ALLOW FOR BETTER HEALTH AND RESISTANCE TO BREAKDOWN.

HOUR ONE OF SOTO-USA PRESENTATION:

A DISCUSSION AND DEMONSTRATION WITH HANDS ON PRACTICE BY DOCTORS. DISCOVERY: THE STERNUM IS ACTING AS A MIRROR IMAGE OF THE SPINE... ANY ORGAN DYSFUNCTION OR SPINAL MISALIGNMENT WILL BE A PAIN POINT AND TREATABLE FROM THE STERNUM THROUGH THE PIEZO EFFECT. AS THE BONE IN THE STERNUM AND THE

COLLAGEN IN THE RIB JUNCTURES ARE HIGHLY RESONANT PIEZO=ELECTRIC FOCAL POINTS IN THE BODY. PIEZOELECTRICITY CAUSES BONE DENSITY THROUGH EXCITATION.

PIEZOELECTRICITY WITHIN THE BODY IS AFFECTED AND CAN BE AMPLIFIED BY RESONANCE OF COLOR AND FREQUENCY

HOUR TWO OF SOTO PRESENTATION:

HOUR TWO WILL PRESENT THE VITAL FORCE INDICATOR WITH HANDS ON PRACTICE TO DOCTORS IN ATTENDANCE. DOCTORS WILL LEARN STERNUM SPINAL INDICATORS WITH CORRECTIVE PROCEDURES.... A DISCUSSION WILL ALSO BE PRESENTED OF DISCOVERY TWO... OVERVIEW: THERE ARE SEVEN CONTINENTAL PIEZOELECTRIC PLATES ON THE PLANET, THAT INDIVIDUALLY AND COLLECTIVELY RESONATE FREQUENCIES, HOLDING BALANCE IN THE ENVIRONMENT. THE DENSITY AND COMPOSITION OF LIFE IS COMPROMISED BY THE LACK OF PIEZOELECTRIC RESONANCE OF THE EARTH METALS, WHICH ARE NOT ACTING AS CONDUCTORS (DIMINISHING CONDUCTIVITY). PIEZOELECTRIC RESONANCE IS CONSCIOUSLY BEING DIMINISHED OR ABSORBED BY A HIGHER FORCE, ANTI=FORCE/DARK MATTER. THE ARE SEVEN RESONANCE PLATES, ONE ON EACH CONTINENT THAT HAS A SEISMIC POINT OF PIEZOELECTRIC CONDUCTIVITY. THIS DARK MATTER/ANTI-FORCE IS AFFECTING THE ELECTRON CONFIGURATIONS IN ATOMS ALTERING THE RESONANCE OF THE PLANET, CREATING A SMOTHERING EFFECT OR LACK OF VITAL RESONANCE. THE PIEZOELECTRIC POINTS ARE THE SPARK PLUGS THAT IGNITE LIFE AND STABILITY ON THE PLANET. ATOMS CAN MOVE FROM ONE CONFIGURATION TO ANOTHER BY ABSORBING OR EMITTING ENERGY. THEREFORE, AND IN EFFECT, DARK MATTER/ANTI-FORCE IS ABSORBING THESE ESSENTIAL PIEZOELECTRIC ENERGIES, DIMINISHING ITS VALUE. THE PIEZOELECTRIC EFFECT IN HUMANS MUST RESONATE IN THE SPECTRUM OF ULTRAVIOLET TO PRESERVE HARMONIC RESONANCE.

DR. KENNETH Y. DAVIS,
